## Directors' Report

1<sup>st</sup> February 2025 to 31<sup>st</sup> January 2026

The directors have pleasure in presenting their report and the unaudited financial statements of the company for the year.

### Principal Activities

The principal activity of the company during the year was provision of a broadband service for the community of Drimnin and some properties on the Morvern peninsula outwith Drimnin as well as a limited number on Mull.

### Main Risks

The directors have identified two main risks to the business.

Failure of equipment from weather events or breakdown could lead to substantial unexpected costs. The company has purchased insurance against weather events and is putting in place significant mitigation measures with the aim of reducing the impact of equipment failures.

The company's ability to obtain new customers is very limited. A significant number of our existing customers cancelling their contracts during 2026 could result in the company being unable to continue in the medium term.

During 2026, the Company is implementing a risk mitigation plan which will address many of its most significant operating risks, thus improving the resilience of its service with the aim of reducing the tendency of customers to cancel contracts. Significant changes to our operating model have allowed prices to be reduced to a more competitive level.

### Directors

The directors who served the company during the year were as follows:

| Name (Position)              | Date of Appointment           |
|------------------------------|-------------------------------|
| R David Campbell (Secretary) | 13 <sup>th</sup> January 2017 |
| Clive R Edwardes (Chairman)  | 13 <sup>th</sup> January 2017 |
| Michael B Foulis             | 13 <sup>th</sup> January 2017 |
| B. Colin Kupris              | 1 <sup>st</sup> March 2024    |
| Rhonda Newsham               | 13 <sup>th</sup> January 2017 |
| Annabel B Thomas             | 13 <sup>th</sup> January 2017 |

### Small Company Provisions

These accounts have been prepared in accordance with the small companies' regime applicable to micro-entities in Part 15 of the Companies Act 2006.

### Going Concern

The directors are satisfied that the company is a going concern. In taking this view, the directors have taken the following into account: there are no outstanding capital expenditure commitments; the number of customers contracted is sufficient to support the service; the company holds significant cash reserves to meet contractual commitments if an unexpectedly large number of customers discontinue payments or to meet a short term revenue shortfall.

Secretary
